

Make your
SUMMER

... **Count** ...

Use this reading record to keep track of the hours you read this summer. Color one fish for each hour spent reading or listening to books. Color one starfish for each math activity you do. Color one shell for each volunteer activity.

Log your reading time and activities online or in person at the library to earn prizes.

NASA Glenn Research Center

Record 16 hours of reading, 4 math activities, and 2 volunteer activities by August 7 to earn an entry into our final raffle for a family membership to either

The Cleveland Museum of Natural History or
The Great Lakes Science Center

Math Activities to Try

Find different shapes in the library.

Play a math game online.

Make something from a recipe.

Learn a new card game.

Measure three different things.

Volunteer Activities to Try

Read to someone younger.

Donate a food item to a food pantry.

Do a household chore without being asked.

Write a note to cheer someone.

Pick up litter in your neighborhood.

Remember, all reading time and activities must be logged online or reported to a library staff member by 5:30 pm Friday, August 7.

Prizes may be picked up at either library and will be available through August 22.
