Roll Call: Ayes: Dr. Barnard, Mr. Cicarella, Ms. Katz, Ms. Kaus, Dr. Rogen

Nays: None. Motion carried.

C. Moreland Elementary Recognition

Ms. Switzer reported that staff have been working with a group of Moreland neighborhood residents to recognize the Main Library building's history as Moreland Elementary School (1926-1987).

As part of renovation, the café walls feature historic photos of the Main Library as an elementary school, in addition to photographs of the Main Library in past locations and prior to renovation in the current location. Since renovation, a bronze plaque recognizing Moreland Elementary School has been hung in the vestibule. A cornerstone is being fabricated for placement at the front entrance. Staff are working with the community group to plan a celebration of the history of the building, which will take place in the spring.

D. Main Library Front Steps Partial Replacement

Ms. Switzer reported that as part of the Main Library renovation, repair work was completed on the front steps. The steps were coated to improve their appearance and concrete was patched. This approach was taken as a result of necessary cost reductions to keep the project within budget.

However, the patched areas are crumbling and the coating on the steps began cracking and wearing away in the first year after renovation. She said the library has been in discussions with Turner Construction about the problem for some time. The parties agree that the issue is a result of poor workmanship on the repairs. However, further repairs will only look worse.

The Building Committee and Mr. Riachi recommend that the center section of the Main Library entry stairs and the sections of concrete leading to the front doors be replaced completely. Mr. Riachi has discussed this with Turner and they have agreed to deduct the cost of the original concrete work in that area from the cost of replacing the concrete completely. Turner estimates that the cost would be approximately \$52,000-\$55,000 after the deduction for the prior work.

Ms. Switzer asked the board to approve having Mr. Riachi work with Turner to get a formal proposal with detailed pricing. She noted that a placeholder of \$55,000 is in the temporary appropriations budget in fund 401 and that cost is factored into the five-year forecast.

Dr. Rogen moved, and Ms. Katz seconded the motion to authorize the Director to get a formal proposal from Turner Construction to replace the center section of the Main Library front steps.
